**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

2. Claims 25-27 are rejected under 35 U.S.C. 102(a) as being anticipated by the disclosed prior art in Applicant's specification.

Applicant's disclosed prior art shows a device manufacturing method comprising the steps of:

exposing a wafer with a device pattern by use of an exposure apparatus, and  
developing the exposed wafer.

***Allowable Subject Matter***

3. Claims 16-24 are allowed.
4. The following is a statement of reasons for the indication of allowable subject matter:  
Claims 16-24 are allowable for reasons argued by Applicant.

***Response to Arguments***

5. Applicant's arguments filed 4/3/03 have been fully considered but they are not persuasive. As for dependent claims 25-27, the claims are drawn to a method of manufacturing and their respective independent claims are drawn to structure. The recitation of structural

limitations in a method claim does not further limit the method claim thus not given any patentable weight.

*Conclusion*

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
